Gang Prevention & Intervention

News

Hello Everyone!

We have some important things we wanted to highlight in this quarterly newsletter. Colorado Springs is in the midst of teen suicide, murdered youth, drug related deaths in teens and violent cluster. More than 30 youth have had these tragic deaths within the past two years. Several of those youth deaths were personal to SCTF and our founders Estevan & Lisa Medina held services or spoke at the funeral services for their youth involved. It has been hard for all of us at SCTF to face these tragedies.

That should be more than enough to scare adults into action to improve adolescent care in Colorado- and there is much room for improvement. We are working closely with our community Church's, non-profits, government and local law enforcement. We are building a community of outreach to our youth to bring a faith based Youth Revival to the streets of Colorado Springs in July! There will be more information and details in our July Newsletter including the Flyer for the Youth Revival event. All donations stay local and helps our year round program to help fund our weekly group sessions, fun indoor/outdoor youth activities, wood work, sewing class, and to help families in need. We are committed to serving our youth at whatever level we are able to, but we cannot do it without supporters like you. The time is now for our youth to wake up to their potential and purpose and put a stop to the street life mentality so many have.

This month we are having our 3rd annual Spring Fundraiser BBQ, on April 22nd @12 pm. At our SCTF office/parking lot. We want to unite with our community and raise the funding needed to do more outreach and continue the work we do now. I will add the Flyer below for those that can attend Thank you in advance and may God continue to use each of us to do his will and Kingdom Work!

Success Stories

We were blessed to take 15 youth on a Ski Trip for their first time. They had a blast and want to go again. It was an awesome experience! Here is a Picture of some of the youth.
